Sewing and Growing Workshop

Sewing & Growing Workshop

4 hours of instruction in 2 Lessons - \$60

Lesson 1 – 2 hours – Tues. Dec. 16th 10-12pm or 2-4pm

Lesson 2 – 2 hours – Tues. Dec. 23rd 10-12pm or 2-4pm

The next set of classes will resume on Jan 13th & 20th 10-12pm or 2-4pm

Classes will continue each following Tuesday with new students.

Mother/Daughter class being planned for Jan. More info at a later date.

Limited to 6 per class

Sewing machine required: We will start with the beginner basics and move to intermediate when ready.

Session 1 class: We will get familiar with your machine, learn how to thread your machine, wind a bobbin, various stitches, using the seam guide, etc. We will also discuss different fabric types and how to adjust the machine for each type. We will complete a very simple project.....and you will have a homework assignment! You will also choose one of three projects to be completed in our Session 2 class. To prepare for the class, do these things:

1. Test the sewing machine before the class, to make sure it works.
2. Bring the manual for the machine(just for reference, should we need it)
3. Purchase a good pair of sewing scissors.
4. I will have spare bobbins, but bring a few in case the ones I have do not fit your machine.
5. Sign up for sales fliers & coupons from JoAnns Fabrics, Michaels, etc. to save you \$

Hello, and welcome to what I pray to be the First of Many Sewing and Growing Workshops! I truly appreciate your interest in this lost art and I promise to make it fun! If you are like I was, the sewing machine can be very intimidating! However, all machines have the same basic functions and no matter what machine you will use for this class, you will leave with confidence in the basic skills to produce some handmade items to be proud of! Thank you again, and please don't hesitate to call me with any questions. May God Bless your day and I cannot wait to meet you and see your hidden talents!
